SUMMARY

Ambitious and detail-oriented Software Engineering Graduate with hands-on experience in web applications, RESTful APIs, and cloud technologies. Proficient in Java, JavaScript, TypeScript React JS, and AWS, with a strong grasp of object-oriented programming (OOP), data structures, and algorithms. Experienced in agile development environments and eager to contribute to innovative software engineering projects as a collaborative team member. Actively pursuing advanced knowledge in Spring Boot, MongoDB, and Docker practices to complement existing expertise.

PROJECT EXPERIENCE (UNIVERSITY)

iCars React Application

iCars React Application is an AWS project implemented using ReactJS and TypeScript. AWS Lambda functions were used to handle CRUD operations and REST APIs were called to initiate the operations.

Used Skills : **ReactJS, TypeScript, Bootstrap, AWS Lambda, REST API, AWS RDS, DynamoDB, AWS S3, AWS Cloudfront**

Violence Detection System

Violence Detection System using VGG19 and ConvLSTM Networks. Proposed deep learning model is trained and tested with achieving 70% accuracy using Hockey Fights Dataset.

Used Skills : **Deep Learning, Python, PyTorch, OpenCV**

Future Seekers LK

Future Seekers LK is an agile project aimed at implementing a job seeking and hiring web platform for applicants and employers. The project involved working through sprints and gaining an understanding of the agile workspace.

Skills : **HTML, Bootstrap, JavaScript, PHP, MySQL, CodeIgniter**

Inventory Management System

Inventory Management System is a JAVA project that aims to create an inventory management system following clean coding principles and software design patterns. The application was initially developed in Java and later changed to a Java Servlet Application following MVC architecture.

Used Skills : **JAVA, HTML, CSS, JSP, MySQL**

EDUCATION

BEng(Hons) in Software Engineering

**University of Stafforshire**

📅 2020 - 2023   📍 United Kingdom

- **Bachelor of Engineering with Honours Software Engineering, Second Class: 1st Division** from Staffordshire University UK through APIIT Sri Lanka.

SKILLS

Java   JavaScript   TypeScript

ReactJS   HTML   CSS   Bootstrap

Tailwind   NodeJS   MySQL

SQlite   AWS   Spring Boot   OOP

Agile   Docker   Git/GitHub
PERSONAL SKILLS

Collaboration

Problem Solving

Attention to Detail

Adaptability

Communication

Willingness to Learn
